

## Troop 161 for Your People Shopping

### What is it?

This is a means of raising funds for Troop 161 and provides you with cash back on your internet shopping. By registering and using this site, you will get discounts on on-line purchases that you make. Half of the discounts go to you, the other half to Troop 161.

### Here are the basics of how this works:

1. You create a login name and password for your own account, and supply address information for delivery of savings checks. No one else in troop will see this information. When configuring your account options, pick the higher refund amounts since they charge \$3 to process a check. The \$100 check cash back is a good option to select.
2. Once your account is activated you and the troop will receive cash back from over 5000 online stores. With this site you can save money on Target, Wal-Mart, Campmor, electronics, Staples office products, books for college, Sears, Lens123, Nutrisystem, Proflowers, Orbitz, Jet Blue, etc. Please browse the site once your account is activated.
3. When you make an on-line purchase, go to <https://troop161.foryourpeople.com> and find the vendor or item you are purchasing from this site.
4. You can install a shopping the tool bar. After you install it go to "view" and make sure you open it. The tool bar will help you find the site with the lowest price or best sale for items that you are searching for.
5. You can also refer friends and family to the site and they can get "cash back" also.
6. If you are a business owner or work for large companies, this site can be set up as an employee benefit and the troop listed as one of the charities.

To access the site or register, go to <https://troop161.foryourpeople.com>.
